

## **Notice to Mariners № 11 of 2018**

### **Jersey South Coast – St Helier Main Harbour Chart BA 3278**

#### **Holding Pontoon**

Mariners are advised that a pontoon of 2m x 24m in length is to be established in the north end of St Helier main harbour; east of the St Helier Marina entrance and parallel with the axis of the New North Quay. The pontoon will be lit by a fixed yellow lantern on the southern end.

The pontoon is being established for test and assessment purposes and local or visiting vessels are not permitted to moor on it.

If tests and assessments prove to be successful, the pontoon could be installed primarily for the use of charter vessels. Further notices will be issued on the results.

Installation will commence during the afternoon of Tuesday 12 June 2018.

Captain Bill Sadler  
Harbour Master, Jersey Harbours
